Surrender of Manila Relieves the Situation of Doubt

GIVES US INDISPUTABLE STANDING IN THE EAST

Washington, Aug. 16—Special—The bombardment and capture of Manila by Admiral Dewey and the surrender of Augusti and his army took place but a few hours prior to the signing of the peace protocol by Spain and the United States. The city, and practically the island of Luzon, are therefore in the legitimate possession of the United States. Had the engagement resulting in the surrender occurred a few hours later some question might have arisen as to the right of this country to retain control of the islands. Now, however, there can be none, and the future disposition of that region is simplified. The United States has the right of actual possession acquired during time of war, and cannot be ignored when a claim is set up for the privilege of governing the island.

Manila's Surrender.

Madrid, Aug. 16—Special—The official announcement of Manila's surrender to the American forces was made today. The surrender was made Saturday by Gen. Jardenos, who succeeded Augusti in command of the Spanish forces. The American forces occupied the city immediately after the surrender.

Berlin, Aug. 16—Special—Augusti, according to a dispatch from Hong Kong dated yesterday, was dismissed from his post as captain general of the Philippines Aug. 5, and Gen. Jardenos ordered to take command at Manila.

Fresh Peril to Spain.

Madrid, Aug. 16—Special—El Liberal, discussing the eventuality of the conflict between Great Britain and Russia, thinks it the cause of fresh peril to Spain, and urges that official preparations be made for the defence of the Balearic islands and the coast towns of Andalusia. It says: "We have sought to defend our honor and Spanish sovereignty in the colonies. Today we are threatened with another danger. We have to defend our homes."

The Killing of a Thief.

Santiago, Aug. 16—Special—The killing of a Cuban who was shot yesterday while in the act of stealing supplies has created a furor among the Cubans, and in order to avoid trouble the sentinel who did the killing has been arrested. Military men, however, indorse his action.

Aid For the Destitute.

Washington, Aug. 16—Special—The government is carrying on rapidly the work of providing the Cuban army and destitutes with subsistence supplies. Large shipments were made yesterday from Tampa and Miami for Santiago, to be followed quickly by other cargoes.

Germany Not Censured.

Washington, Aug. 16—Special—The war department is disposed to make no criticism regarding the action of Germany in taking Augusti and family on a cruiser. The right of asylum on a neutral vessel is a principle of international law which has the hearty support of the United States.

A Murderer Sentenced.

Washington, Aug. 16—Special—The war department received a message from Gen. Gilmore at Ponce this morning stating that Private Laduke has been sentenced to life imprisonment for the murder of Private Stafford during a saloon row.

Madrid Hears of Surrender.

Madrid, Aug. 16—Special—The government has been notified by the Spanish consul at Hong Kong of the surrender of Manila. It is not yet aware of the manner in which the surrender was effected.

Caibarien Bombarded.

Hayana, Aug. 16—Special—The converted lighthouse tender Mangrove bombarded Caibarien Sunday morning.

She fired eighty-seven shells, but no material damage was done. The Spanish gunboat and shore batteries replied, but failed to injure the Mangrove. After the firing ceased the Spanish gunboat under a flag of truce informed the Mangrove commander of the signing of the protocol.

Carlists Are Troublesome.

Madrid, Aug. 16—Special—The civil guards are unable to capture the Carlists roaming in the vicinity of Castellon. Several skirmishes have taken place. The government fears the failure to capture them will encourage other Carlist chiefs gathering in the towns across the French border.

Simplifies the Situation.

Washington, Aug. 16—Special—The news of the capture of Manila is received here with interest. It simplifies the work of the peace commission, and enables the United States to demand the cession of enough territory to hold the city.

Shafter Coming Back.

Washington, Aug. 16—Special—In a dispatch from Shafter received this morning states that he expects to embark the remainder of his command at Santiago by Thursday, and will leave himself on Saturday.

Allison Visits the President.

Washington, Aug. 16—Special—Senator Allison had a long conference with the president this morning. He refused to talk of his mission.

LABORING MEN TALK SOCIAL DEMOCRACY

LOCAL TRADES UNION WILL DISCUSS THE PLAN.

Many in This City Favor Such a Movement—Claim That It Would Benefit the Working Classes—Social Leaders in Milwaukee Make Many Anxious Inquiries

Members of the local labor unions are at present contemplating entering the Social Democracy of America. At a meeting of the Trades Union to be held this evening it is proposed to bring the matter before the Union for consideration. Letters which have been received in the city of late from Milwaukee headquarters, request that the local union give the matter attention.

A prominent local labor agitator stated this afternoon that he was strongly in favor of the move, and that all the men that he had talked with in this city spoke well of it. Just what action will be taken at the meeting this evening, remains to be seen.

One of Debs' Schemes
The originator of Social Democracy is Eugene V. Debs, who formulated his plans soon after his release from the Woodstock, Ill., jail, where he served a term for promoting the railroad strikes of five or six years ago. The organization has had the endorsement of many social reformers who are not associated with labor agitation. It is a comprehensive scheme, embracing, among other things, the establishment of colonies in communities in which cooperation is to be one of the chief factors. They proceed on the theory that labor is the basis of all wealth and of national prosperity, and whenever labor can give lucrative employment to itself it becomes a power politically, socially and morally. The scheme embraces some features of the Oneida community in New York state. Some of the theories of Fourier receive partial or complete recognition, while ideas purely original with the founder are given prominence. The object is primarily, the emancipation of labor from dependence upon capital.

It has in contemplation complete separation from the existing political parties for the sole purpose of securing state and national legislation in favor of labor.

Communities that may be formed will act as a unit in all matters political, and it is desired to influence the labor unions to cut loose from the old political parties and present a united front in all elections where legislative officers are to be chosen.

Favorably Considered.
The scheme has received, as stated, the endorsement of many social reformers not connected with the labor element, among whom is Prof. Von Holst of the Chicago University. Many men of capital in Chicago, Cincinnati, Philadelphia, and Boston have become interested in the scheme, and an experimental community is contemplated upon a tract of land embracing some 20,000 acres in Northern Alabama.

ROCK COUNTY WOMAN DENIES SHE'S CRAZY

COUNTY COURT WILL SOON HEAR HER CASE.

Friends Say That Mrs. Howland Has Acted Queerly For Some Time Past—She Says They Want Her Out of the Way—John Ingleby Declared Insane.

Mrs. Anna Howland, of the town of Clinton, objects in very strong terms to the charge that she is insane and unable to care for herself. In Judge J. W. Sale's court such charge has been made and resented. Mrs. Howland herself now comes to the front and demands a trial, which will be accorded her in the county court of Rock within a short time, such time to be set by the court. Whether or not a jury will hear the case remains to be seen.

Accused by Her Friends
For some time past relatives and friends of Mrs. Howland have been noising abroad the information that the unfortunate woman was out of her right mind, and that she was liable to injure herself or her friends at any time. Mrs. Howland was not slow to get hold of a bit of this information, and she at once set about to make it warm for those whom she said were trying hard to get her out of the way. Her first move was to see that the court accorded her a fair trial, and in this she was successful.

Friends of Mrs. Howland, who reside near Clinton, were in the city today, and speak well of her, stating that she is a respectable woman who has the confidence of a large circle of friends.

Taken to Mendota.
Sheriff Acheson returned last evening from Mendota, where he conveyed John Ingleby, of Beloit, yesterday. Mr. Ingleby was found insane Saturday, after an examination by physicians, and was committed to the Wisconsin State hospital for the insane at Mendota, by County Judge John W. Sale. The unfortunate man has resided in Beloit for some time, and is well known. Ingleby is unmarried.

CORBETT IS AN ORPHAN

Pugilist's Father Murders His Wife And Then Takes His Own Life This Morning.

San Francisco, August 16—[Special]—Patrick Corbett, father of pugilist Corbett, shot and killed his wife and then killed himself this morning. The murderer and suicide had been brooding over financial troubles for some time.

Asbury Park, Aug. 16—[Special]—When Jim Corbett heard of his father's terrible deed he swooned and almost went into hysterics. When recovered he refused to talk of the tragedy. It is not believed he will attempt to make the trip to San Francisco.

WEATHER FORECAST.

BLANCO HAS SCRUPLES ABOUT SURRENDERING TO YANKEES

Washington, Aug. 16—Special—The president has appointed commissioners to adjust the evacuation of Cuba and Porto Rico as follows:

Cuba—Maj.-Gen. J. F. Wade, Rear Admiral W. T. Sampson, Maj.-Gen. M. C. Butler.

Porto Rico—Maj.-Gen. J. R. Brooke, Rear Admiral W. S. Schley, Brig.-Gen. F. W. Gordon.

Aside from the last named all the appointees are widely known. Gen. Gordon is well known as a citizen of Savannah.

Cuba's Ultimate Destiny.

Washington, Aug. 16—Special—The ultimate destiny of Cuba is apparent to all here. While independence is at present demanded by this government for its people, it is believed that it will inevitably drift towards annexation. The people must rely upon the United States both for protection from foreign aggression and for safety from internal discord. Just as is in the case of Hawaii annexation to the United States will be the goal of the wisest among Cuban statesmen. The large influx of American planters and tradesmen which is promised will accelerate this sentiment, and within ten years at farthest public opinion will be ripe for the step which will make of the island a sovereign state in the American union.

Blanco Has Scruples.

Washington, Aug. 16—Special—Blanco's resignation of the office of captain general of Cuba, in order that he may escape the humiliation of turning over the island to the Americans, creates much amusement here. The doughty chief, however, cannot shift the responsibility upon others. He is the last of the Spanish Capt. generals of the island. It is not probable that the Spanish government will appoint a successor, and if it did his authority would not be recognized, as Cuba is already virtually emancipated from Spanish rule. When Blanco steps out the American commander will step in, and distasteful though it may be to the Spaniard, he will virtually surrender to the hated Americans.

Opposition to Gen. Lee.

Washington, Aug. 16—Special—It is denied here that there is any opposition to the appointment of Gen. Fitzhugh Lee as military governor of Cuba on account of his politics. His fitness for the position is fully recognized in administration circles. The opposition to his appointment comes from the agents of certain syndicates of capitalists who contemplate obtaining control of some of the industries of the island. These men fear that Gen. Lee would oppose their interests, as it is well known that he is hostile to monopolies in general. It is not believed by the general's friends, however, that these influences will dominate the president in making the appointment.

Smith is Aggrieved.

Newport News, Va., Aug. 16—Special—A warrant was sworn out last night for the arrest of Col. Gunder, of the One Hundred and Sixth Indiana, by a man named Smith, who accuses the colonel of putting him out of camp and using strong language.

Withdrawn From Porto Rico.

St. Croix, W. I., Aug. 16—Special—Nearly all the warships on duty in Porto Rico waters have been ordered to Guantanamo bay, presumably to wait there until peace negotiations are settled.

Mustering Out Troops.

Washington, Aug. 16—Special—The mustering out of troops will be begun today. The list is being now prepared, but just what regiments will go is not known.

To Be Mustered Out.

Washington, Aug. 16—Special—An order will be issued today when approved by the cabinet mustering out of service 50,000 men.

NEWS FROM NEARBY NEIGHBORHOODS

INCOMINGS AND OUTGOINGS OF ROCK COUNTY PEOPLE.

Gossip of a Personal and Business Character Gleaned By Gazette Reporters in the Garden Spot of Wisconsin—Religious and Social Notes.

Afton, Aug. 10.—The Baptist Sunday school voted last Sunday to hold the annual picnic on Wednesday, August 31. Later word was received from Shoppers that the Methodist and Congregational schools wished to join in holding a union picnic the same as last year, and that they had voted to make merry on Friday, August 26. The latter date, proving acceptable to the Baptist people here, has been fixed as the day for holding the picnic instead of the 31st, as originally voted. All will please note the change and plan to attend the grand union picnic on the 26th inst. Particulars will be given later. The hail storm which visited this section early Monday morning did considerable damage to tobacco, much of which was ready for shedding. The Modern Woodmen of Afton camp, and their families and invited guests, will hold their annual picnic in the Indian grove, near the iron bridge on Friday of this week. A good time is anticipated. Mr. and Mrs. Albert W. Stark left last Saturday, for a visit with relatives at Menomonie, Wis. Superintendent David Throna is conducting a teachers' examination at Milton Junction, the first part of this week. Miss Vienna P. Waite returned home, Monday, from Lake Kegonsa, where she has been camping for a few days. Mr. and Mrs. G. S. Otis and Mrs. O. H. Griffin spent Sunday with Beloit relatives. W. J. Miller continues to hold the belt for natural curiosities. A short time ago the correspondent was invited to gaze at a four-legged chicken, which one of Chairman Miller's fowls had hatched out. Now it is strawberries that are the attraction. Mrs. Miller having picked fresh berries in their patch during the week, and others are ripening. August strawberries are not plentiful just now, and if Chairman Miller can make a success of his new crop, his fortune is assured.

North Johnstown

North Johnstown, Aug. 10.—Mrs. Miller and daughter are visiting at Mr. Stevens'. A brother of Mr. Abbott, an undertaker by profession, is visiting at Johnstown and Sunday found him at church. George Bennett has the pleasure of a visit from his two sons, both doctors. One lives in Beloit and one in Brodhead. The Free Baptist Quarterly meeting of Rock and Dane met with the North Johnstown church Aug. 26, 27 and 28. Opening sermon on Friday evening. Two churches have been organized the past year and precious revivals have been enjoyed in some of the churches. The North Johnstown church has been in existence fifty-four years. The Christian Endeavor Society was largely attended Sunday night. Mrs. Ora Osborn is having a pleasant visit in Nebraska and speaks of meeting a relative of Rev. Kinsman Davis, a former pastor here. A friend has discovered that oats are not a large yield on Timothy soil. Better use clover next time. The roads are being covered with noxious weeds again but they are hardly ripe enough to cut and put in the middle of the road to be taken up by wheels and horses feet and carried afield. Burn your weeds and save your fields. We are having splendid rains again and the corn looks up more grateful for blessings than some of the owners probably.

Footville, Wis.

Footville, Wis., Aug. 10.—Rev. A. E. Hatch, a former pastor at Magnolia and well known in the community delivered a lecture in this place on Tuesday evening on "Spain in the Light of Prophecy." A literary and musical program together with games and other features will be provided. Strang & Owen, the local lumber firm have been doing an unusually brisk business the past week due to the election of a number of farm buildings in the neighborhood. Among others, A. J. Snyder is improving his property by extensive additions. With the grain harvest completed and in a great many instances threshing also done, indications point to a speedy com-

menacement of work in harvesting the tobacco crop. Rev. H. C. Seidel, of Orfordville, occupied the pulpit of the M. E. church on last Sunday. There will be no services at this church on next Sunday on account of the pastor being in attendance on the district convention of Epworth League to be held at Fort Atkinson. MEETINGS WERE WITHOUT SPIRIT

DEMOCRATIC PRELIMINARIES SLIMLY ATTENDED.

Scarcely a Corporal's Guard Felt Enough Interest in Results to Be Present—Delegates Chosen to the County, Congressional, Assembly and State Conventions.

The preliminary meetings of the democrats of the city held last night were, in most of the wards, far from successful. There was no interest manifested, and in at least one of the wards only a sufficient number of the untutored assembled to effect an organization, and each of the patriots present was "honored" by a unanimous election as delegate to all the future conventions of the party. CHARGED WITH CONSPIRACY

Labor Leaders at Oshkosh Arraigned On a Serious Accusation

Oshkosh, Wis., Aug. 16.—The examination of Thomas I. Kidd, George Zantner and Michael Trober upon the charge of conspiracy began in the municipal court yesterday. The prosecution had not closed at evening. Col. Weed and Earl P. Finch appeared for the defense and District Attorney Quastmoss was assisted by A. E. Thompson of this city and George C. Green, of Green Bay. George M. Paine testified to the condition of the Paine company on May 14, the day after the woodworkers' ultimatum was received. He said that on Monday morning, May 10, following the receipt of the notice, only eighty-two of his employees came to work; that the firm had tried to run its factory but could only do so at a loss with the small crew. Picketeers began to appear about the factory about time when the men were coming to work and returning and to take notes and the names of the men employed and to influence the men not to go to work. The picket system was continued for a long time.

He described the methods by which the pickets operated. This, the witness said, had a serious effect on the workmen, who feared to come to work. On June 26 the factory was shut down because they could not get force enough to operate the mill. The mill was started again August 3 while the mill was not in operation very few pickets appeared nor did they appear in large numbers after the factory was resumed.

Col. S. W. Hollister testified to having met Mr. Kidd June 28, 1898, and having had a conversation with him in regard to the woodworkers' letter. Mr. Kidd in this conversation said that he had modified this notice and that the notice sent out was as he had modified it. Mr. Kidd had also said that he preferred being at his desk in Chicago, and did not know he had been sent here to conduct the strike. Earl P. Finch conducted the cross examination of Col. Hollister and brought out the fact that Mr. Kidd had in this conversation stated that he was not in favor of rioting.

Colonel H. B. Harshaw testified to having been present at a portion of the conversation between Mr. Kidd and Colonel Hollister, but heard nothing of the statements in regard to the notice. He had a conversation with Mr. Kidd at a previous date in which Mr. Kidd said he had modified the woodworkers' notice. Mr. Kidd said that he would much rather be at his desk in Chicago, attending to his duties as secretary of the Woodworkers' union than be here. He received twenty dollars per week as secretary, and while here his expenses were paid.

NINE KILLED IN A CYCLONE.

Storm Does Much Damage in South Dakota.

FEARS OF MANY CASUALTIES.

Cyclone Sweeps a Tract of from Thirty to Forty Miles—Fatalities in Tennessee—Storm Was General Throughout the Northwest.

Minneapolis, Minn., Aug. 16.—A terrific cyclone, accompanied by hail, running from northeast to southwest, struck Sunday night about four miles west of Gary, S. D., a small village on the Watertown branch of the Chicago and Northwestern railroad, just across the Minnesota border. Everything in the path of the storm was swept away.

Nine people died at Gary and there is little doubt that a search through the stricken country will reveal other, and perhaps many, victims. The names of the known dead are as follows:

JOSEPH HUTCHINSON.
MRS. JOSEPH HUTCHINSON.
FOUR HUTCHINSON CHILDREN.
CARL JEGUM of Blanchardville, Wis.

ALBERT — (Last name not known; his father is a shoemaker in Milwaukee.)

CHARLES EBAL, a farmer.
EBAL'S WIFE AND CHILD, missing, and probably dead.

The cyclone was not wide in extent, but its track was thirty to forty miles long.

The buildings of Carl Peterson, M. Kenyon, Mr. Johnson, Mike Hunt, Dr. Bentley, Charles Durstry and many other farmers were completely destroyed. Many farmers lost almost their entire crops and large numbers of cattle and sheep. One farmer had 200 acres of wheat in shock. It was taken up by the wind and no trace of the crop is now left.

In the vicinity of Carrington, N. D., there was an extensive area covered by one storm, which swept over parts of Stutsman, Wells, Foster and Eddy counties, causing a total loss of about 20,000 acres of wheat.

FATAL STORM IN TENNESSEE.

Thirty or More Said to Have Been Killed in Friday's Cloudburst.

Knoxville, Tenn., Aug. 16.—Additional details relative to the terrible cloudburst in Hawkins county last Friday morning have been received in this city. It was previously reported that twenty lives were lost in the flood, but it is now estimated that perhaps thirty-two persons became victims of the downpour.

The report states that the families of William Figan, Thomas Figan, William Tunnell and James Cook were drowned, together with Patience and Yancey Morelock, John Arnold and mother and Samuel Henry and wife. The Figan family numbered thirteen lost, Figan himself escaping. The report gives no number of the members of the remaining families, but it is estimated that they numbered not fewer than four each, which would bring the total number of lives lost up to thirty-two.

The families in that section are, as a rule, very large, and this is considered a conservative estimate. The damage to the crops is also believed to be much heavier than was at first reported.

The storm is said to have killed from fifteen to twenty people in Green county. No reports, however, have been received from that section to verify this statement.

Storm General in the West.

Chicago, Aug. 16.—Yesterday's storm was general throughout Wisconsin, Western Michigan, Northern Indiana, Northern Illinois, Minnesota and the Dakotas. At Racine, Portage, Oshkosh, Milwaukee, South Milwaukee, Whitehall, Albion, Lancaster, Pewaukee and other Wisconsin towns, there was a heavy rain, and lightning caused a number of fires, which resulted in considerable damage; cellars were flooded, windows broken and trees broken down. At Aurora and Harvard, Ill., the damage due to the storm was heavy, and in Western Michigan the loss to the fruit-growers will exceed \$10,000.

Colombia Stands for Dignity.

Washington, Aug. 16.—The legal representative of the Colombian government called on the secretary of state for the purpose of making arrangements in connection with the final settlement of the claim of Italy against Colombia. It is represented by the Colombian government that when the award was made by President Cleveland as arbitrator there was no provision as to the method of settlement, and the proposition of the Colombian government is that this question be referred to the United States as arbitrator. It is the desire of Colombia that this matter be settled in a manner to preserve the dignity of the republic.

Thanks the United States.

Washington, Aug. 16.—The Japanese charge d'affaires at Washington called at the state department Monday and expressed the thanks of his government to the United States for its good offices in arranging the adjustment of the differences between Hawaii and Japan, growing out of the alleged violation of the immigration laws of the republic by its officials in regard to the landing of certain Japanese subjects.

Cabinet at Lisbon Resigns.

Lisbon, Aug. 16.—The ministry has resigned and Senor Jose Luciano has been charged with the task of forming a new cabinet.

BASEBALL REPORT.

Games Played Yesterday in the Various Leagues.

After losing one game to the Giants because Dahlen and Griffith were sent to the bench for a trivial cause, the Chicagoans failed to win yesterday. While the Reds were artistically smearing Brooklyn with whitewash through Hawley's effectiveness, Boston went them one better and took two games from Cleveland, thereby stepping into a tie with the leaders and relegating the Wanderers to the fourth hole, as Hanlon's aggregation took two from Pittsburgh. Louisville beat Washington, and St. Louis performed a like service for Philadelphia. Scores:

At New York—Chicago, 2; New York, 2 (ten innings; called on account of darkness).

At Brooklyn—Cincinnati, 8; Brooklyn, 0.

At Baltimore—Baltimore, 9; Pittsburgh, 3. Baltimore, 6; Pittsburgh, 1.

At Boston—Boston, 4; Cleveland, 3 (ten innings). Boston, 6; Cleveland, 0.

At Philadelphia—St. Louis, 7; Philadelphia, 4.

At Washington—Louisville, 3; Washington, 1.

Games to-day: Chicago at Boston, Cleveland at Brooklyn, Pittsburgh at Philadelphia, Cincinnati at New York, Louisville at Baltimore, St. Louis at Washington.

Interstate League.

At Mansfield—Mansfield, 16; New-castle, 14.

At Fort Wayne—Fort Wayne, 12; Youngstown, 5.

At Grand Rapids—Grand Rapids, 6; Dayton, 2.

At Toledo—Springfield, 5; Toledo, 0.

Western League.

The Kansas City-Indianapolis and Detroit-Milwaukee games, the only two scheduled, were postponed yesterday on account of rain.

TO GO BACK TO PEACE BASIS.

President Outlines Opinions on Reduction of Army.

Washington, Aug. 16.—President McKinley is canvassing public sentiment as to the needs of military organization in time of peace and has consulted a number of visitors as to how much of an army they think should be kept up after the treaty of peace is executed. No conclusion has been reached on this point, but it is receiving considerable attention on the part of the administration. Gov. Shaw of Iowa was one of the few prominent visitors at the white house today. He took occasion to report the condition of the Iowa troops in camp. He said that in a general way they were in very fair shape, but made a number of suggestions looking to their convenience and comfort. He asked also how long it would be before their dishonored might be effected, now that the peace protocol is a closed document, but the president himself has not now a fixed opinion on this point.

Acting Secretary of the Navy Allen was with the president part of the morning, going over important matters of detail incident to the close of the war, including the question of a reorganization of the present navy and its reduction to what is actually needed. It was decided to create a board of five naval officers to pass upon the matter. Acting Secretary Allen said the board would be appointed immediately and it would convene probably before the close of this week. Its function will be to determine what vessels now in the navy should be retained, which of them should have their government charters discontinued or their use by the government otherwise dispensed with, what changes to make in the vessels kept etc.

Deep Relief in Havana.

New York, Aug. 15.—A dispatch to the Herald from Havana says: "There is a general feeling of relief in Havana that the war is over. On the faces of many in the throngs there are terrible traces of the privations they have undergone as the result of the blockade."

Make It Public.

Publicity Counts, That's What the People Want. Janesville experience on the subject.

Make it public. Tell the people about it. Gratitude promotes publicity. Grateful citizens talk. They tell their neighbors—tell their friends.

The news is too good to keep. Everybody should know about the little conqueror.

"Bad Backs" are numerous. So few understand the cause. Janesville people are learning. And better still they are being cured. Lame backs are lame no more. Weak ones regain their strength. This is the everyday talk in Janesville.

Of Doan's Kidney Pills. Our citizens are making it public.

Mr. H. W. Rodgers of 218 S. Main St. carpenter, says: "My wife had kidney complaint and the usual treatment for about five years. At last she was cured by Doan's Kidney Pills. I learned about Doan's Kidney Pills and advised her to get them for her at the Janesville Co's drug store. She used the remedy with gratifying results. As soon as she began to experience benefit her improvement was rapid and the aching pain across the loins was relieved permanently. She does not hesitate in saying that Doan's Kidney Pills proved a reliable remedy and she will be only too pleased to give her name and address to any lady calling who really requires advice."

Doan's Kidney Pills are for by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for U. S. Remember the name, Doan's, and take no other.

LATE NEWS BY TELEGRAPH.

OUR TROOPS OCCUPY MANILA

Augusti Surrenders the Capital of the Philippines.

ESCAPES IN GERMAN CRUISER.

Dispatch from Consul Wildman at Hongkong Brings the News to the State Department—Partially Confirmed at Madrid.

Washington, Aug. 16.—The department of state has issued the following: "The following dispatch was received at the department of state at 11:15 p. m., Aug. 16, from Consul Wildman, Hongkong:

"Augusti says Dewaye bombarded Manila Saturday. City surrendered unconditionally. Augusti was taken by Germans in launch to Kaiserin Augusta and brought to Hongkong. I credit report."

The information contained in Consul Wildman's brief message aroused intense interest, but created no surprise among those officials who received it. For two or three days news of the fall of Manila has been expected. The last dispatches received from Admiral Dewey and Gen. Merritt indicated that it was their purpose to force a surrender of the city as soon as possible. It is believed that they joined in a note to Gen. Augusti demanding the surrender of Manila, threatening to make a combined sea and land attack upon the city unless the demand was acceded to.

While no further information than that received in Consul Wildman's dispatch has been received by the administration, it is in a measure confirmed by a brief dispatch from Madrid.

As soon as the protocol was signed last Friday afternoon dispatches were sent to both Admiral Dewey and Gen. Merritt, via Hongkong. On Saturday the British steamer Australian left Hongkong for Manila, bearing the dispatches from this government. It was expected that they would hardly reach Manila before decisive measures against the city had been taken by the American commanders, but every possible effort was made to insure their speedy delivery.

If the report of Consul Wildman be true, and its accuracy is not questioned here, the probabilities are that official dispatches will be received by the government in a day or two, at latest. The flight of Gen. Augusti from Manila created some amused comment here. As an official expressed it: "Had he maintained his position, hard as it was, until the arrival of the news of peace, he would have been a hero, and he will now be branded as a coward."

Hongkong, Aug. 16.—Gen. Augusti, captain-general of the Philippines, refuses to be interviewed and will say nothing more than that he is going to Spain at the first opportunity. Gen. Augusti's wife and family accompany him.

It is a significant fact that while the fastest German cruiser has brought Gen. Augusti, she brings only a small package of mail for the German consul. The consul is now in Canton, and his mail matter remains unopened.

The precise facts are not known, but it is supposed that Gen. Augusti fled from the Philippines.

The Spanish consul here has not yet sent to Manila the news that the protocol has been signed, and probably the Spaniards at Manila will discredit the account to be brought them by the British steamer Australian, as she was chartered by the Americans.

The opinion here is that the Germans have arranged matters with Capt. Gen. Augusti. The insurgents now at Hongkong are not satisfied with the terms of peace proposed by the Americans.

Madrid, Aug. 16.—According to La Correspondencia de Espana, the surrender of Manila occurred after the last attacks made upon the city.

OTHER POWERS MAY MEDDLE.

Continental Nations Expected to Take a Hand in Philippine Question.

Paris, Aug. 16.—The feeling is general here that the United States and Spain are not to be left free by the powers to decide the question of the Philippines with no reference to the matter to other nations. One Paris newspaper insinuates that as Spain is in control of the islands outside of Manila that nation may invite foreign powers to intervene. Francis Charnock says in the Revue des Deux Mondes: "The question of the Philippines will take the longest time and will be the most difficult to arrange. It may cause general complications outside of Spain and the United States. If America decides to hold the Philippines all continental Europe will back Spain. The fact that Great Britain is supporting America will intensify continental support."

Capt. Gen. Blanco Resigns.

Madrid, Aug. 16.—A cable dispatch was received from Capt. Gen. Blanco Monday, tendering his resignation to the government. The reason he gives for resigning is that he does not wish to superintend the evacuation of the island by the Spanish troops. The government has also been informed that Capt. Gen. Augusti will embark for Spain on the first available steamer, he having resigned his command to his second in rank.

To Disband and Pay the Cubans.

meeting was held last night at the palace between the commanding officers of the American army and the Cuban leaders. Gen. Garcia, it is said, was present. The information obtained is to the effect that it was resolved to disband the Cuban army and that the United States should pay the men off. This involves the expenditure of \$15,000,000, but it is most important to the prosperity of the island, whose wealth is entirely agricultural; no body, planter or farmer, daring to cultivate his land while insurgent bands are in the field raiding and burning.

Don Carlos a Patriot.

London, Aug. 16.—A special dispatch from Lucerne, Switzerland, says the following inspired statement has been made there: "Notwithstanding his disapproval of the course the government at Madrid is taking, Don Carlos maintains his firm intention to discourage any actual rising in Spain and is using all his influence to quell insurrectionary tendencies and attempted uprisings among and on the part of his devoted followers."

Gen. Schwan's Last Fight.

Ponce, Porto Rico, Aug. 16.—Gen. Schwan's column was attacked Sunday between Mayaguez and Lares. At the Eleventh Infantry, under Col. Burke, was descending the valley of the Rio Grande it was fired upon from a hillside by a force of 1,500 Spaniards, who were retreating toward the north. The fire was returned and the Spaniards were repulsed with considerable loss.

Twenty-Two Deaths at Santiago.

Washington, Aug. 16.—Gen. Shafter's report of the health conditions of his troops at Santiago, as given out at the war department, is as follows: "Santiago de Cuba, Aug. 15, 1898.—Adjutant-General of the Army, Washington, D. C.: Sanitary report for Aug. 14: Total number of sick, 2,715; total number fever cases, 1,500; total number new cases, 129; number of fever cases returned to duty, 220."

Will Hold a Dress Parade.

Newport News, Va., Aug. 16.—It seems probable now that the departure of the troops here for Lexington, Ky., and Middletown, Pa., will be delayed until Wednesday morning. The railroad is not ready to handle the men yet, and Col. Culver, senior officer in command, is making preparations for a dress parade of the 5,000 troops in camp here this evening.

Their Fighting Days Over.

Washington, Aug. 16.—The auxiliary cruiser Yosemite, now at Newport News, has been ordered to proceed at once to League Island navy yard and discharge the crew, composed of the Michigan naval reserves. They will each receive an honorable discharge, "having served through the war."

Austria Denials Spain's Fall.

Vienna, Aug. 16.—The Austrian press is unanimous in lamenting the dreadful humiliation of Spain and her fall from a first to a third rate power, and exhibits impatience to learn the conditions which the United States will impose relative to the Philippines.

Must Ask for More Soldiers.

San Francisco, Cal., Aug. 16.—Until the war department hears from Maj. Gen. Merritt, now at Manila, that he requires additional troops, no more transports will be sent from San Francisco.

FIVE STRIKERS WOUNDED.

Nonunion Men at Panna, Ill., Fire Into a Crowd of Old Miners.

Panna, Ill., Aug. 16.—Five union miners were wounded, some perhaps fatally, with bullets fired by two nonunion men in a clash here Monday morning.

The shooting occurred on Cedar street, which leads direct to the Springville Coal Company's mine. James Palmer and Edward Jones, nonunion miners, with revolvers in hand, rode into the lines of several hundred union miners and began firing.

The union men were congregated beside the highway for the purpose of interviewing non-union miners and persuading them to discontinue work. The bullets seriously wounded Michael Yermacay in the groin, shattered Andrew Toomey's right hand, grazed the heads of John Vangordon and William Baker, and another minor is reported to have been dangerously injured.

The prisoners were released later under heavy bonds, with the Springville Coal Company as security.

Mr. A. C. Wolfe, of Dundee, Mo., who travels for Mansur & Tibbette, Implement Co., of St. Louis, gives traveling men and travelers in general, some good advice. "Being a Knight of the Grip," he says, "I have for the past three years, made it a rule to make myself supplied with Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have found numerous occasions to test its merits, not only on myself, but on others as well. I can truly say that I never, in a single instance, have known it to fail. I consider it one of the best remedies travelers can carry and could relate many instances where I have used the remedy on skeptics, much to their surprise and relief. I hope every traveling man in the U. S. will carry a bottle of this remedy in his grip." For sale by People's Drug Co., Milwaukee street.

TO DRAW UP PEACE TREATY.

President McKinley Selecting the Commissioners.

PROMINENT MEN TO BE NAMED.

Secretary Day, Senator Davis and Ex-Secretary Tracy Said to Be Sited as Members of the Commission—Other Names Under Consideration.

Washington, Aug. 16.—The president has selected, it is said with some positiveness by those who claim to be informed, three members of the Paris peace commission: Secretary Day, Senator C. K. Davis, chairman of the senate committee on foreign relations, and Gen. Benjamin F. Tracy of New York.

There is a general expectation that democrats will have at least two of the commissioners, although nothing would happen if that party did not get even one member. Ex-Secretary Olney seems to have been asked to join and to have declined.

Not much is said in favor of the suggestion that Senator Gorman be made a member. Those who claim to favor the making of a strong commission say they fear Mr. Gorman's tendency to compromise would weaken the body.

Much satisfaction is expressed when the name of Justice White is suggested. It is said that ex-Ambassador East is has not been lost sight of yet.

COAL MINERS MAY STRIKE.

General Tie Up Throughout Illinois Is Threatened.

Springfield, Ill., Aug. 16.—From indications tonight the 20,000 coal miners of Illinois are standing upon the verge of a general strike, which may extend not only to the entire state, but which may even reach other coal fields over the country.

Under the agreement reached at Terre Haute, Ind., by operators of the Virden district, which includes all the mines on the Chicago & Alton south of Springfield, and National President Hatchford, this is the best day allotted to President Hatchford to settle the pending strike in the Virden field, where 600 miners have been out of employment since April 1, when the new scale went into effect.

Under the agreement reached at Terre Haute, President Hatchford was to either settle the strike or leave the settlement to such members of the national board as he might designate. He selected the entire board, and it has been in session here four days of last week.

Nearly every prominent operator in Illinois is in Springfield to attend the meeting today. All will insist that if the agreement is broken for the Virden district operators it will have to be broken for them, as they cannot compete with the Virden operators under a lower scale.

Bank Robbery Cleared Up.

Battle Creek, Mich., Aug. 16.—The period of silence on the Richland robbery case is closed. The detectives gave facts Monday for the first time since six men held the town at bay and robbed a bank of \$10,000. Recently William Kulp was arrested as a counterfeiter while the officers were collecting incriminating evidence against him as a robber of the bank.

While investigating this case Sheriff Stone learned of one John Jones, alias Joe Gregory, who has proven the most important catch yet made. He was traced by a description to his home in Jackson and arrested. Search of his house revealed the identical combination of the exploded safe.

Some time ago, a little bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy fell into my hands, just at a time when my two-year-old boy was terribly afflicted. His bowels were beyond control. We had tried many remedies, to no purpose, but the little bottle of Colic, Cholera and Diarrhoea Remedy speedily cured him. —William F. Jones, Ogleby, Ga. This Store Is Particularly Friendly To the Interests of Womankind.

Ready to supply all the necessities wanted during the warmest weather, and the luxuries as well, although they usually cease to be luxuries at the prices we sell them at. Many dealers think women are hard to please and hard to deal with, but it is all in treating them as they should be treated, giving them what they ask for, and carrying out to the letter every intimation you make them. Our steadily increasing trade with lady shoppers is most pleasing to us—shows we are on the right track and that the little extra trouble we go to to please them is not lost.

We have always made a point of handling the best goods and asking the lowest prices possible for them.

We are selling strictly fresh Eggs, 10c per dozen

Duchess Cooking Apples, 20c peck. Every day we freshen our Fruit stock.

How Far Will a Dollar Go?

This is the great every-day problem with buyers in every line.

You will never know how far you can make your dollars go for

Lumber and Building Material . . .

Until you bring them here. More people have found this out the past year than in any previous year, and the result is these are very busy times with us. Our trade has never been so large, and by extending our force and working over-time, we have met every demand promptly. These happy conditions may be partially due to the general revival of business, but the greatest agency has been the fact that the people are learning that our material and work are better and cheaper. All we ask is a proportionate growth during 1898, and we expect it. It will be to your advantage to help the increase along.

How She Stopped It.
"She saw him at a point of vantage across the street trying to look into her room."

"Really?"
"Yes, indeed. There could be no mistake about it. But she stopped it quick enough."

"I suppose she notified her brother and he went out and thrashed the scoundrel within an inch of his life."

"Oh, dear, no. Her action was a great deal more effective than that."

"Notified the police, I suppose?"
"Oh, it was even more effective than that. You see, she pulled down the curtain."

"Chicago Post."

Hard to Understand.
"The language of you Americans is very difficult for me to understand," remarked the visiting Englishman.

"In what way?" asked his American friend.

"Well, Mr. Tenspot said that golf made him tired, and I replied that I did not know that he played golf, and he admitted that he did not. Now, how could golf weary a man who does not play the game?"—Puck.

Hazardous Sport.
"There are hazards in the game of golf, are there not?" asked the ignorant one.

"Hazardous!" exclaimed the veteran. "Well, I should say so. Why, no less than three marriage engagements were announced after the last match."—Chicago Post.

Cause and Effect.
Philosopher—I shall never regret that I was once an industrious man.

Friend—Because you feathered your nest, I suppose?

Philosopher—No. It is because the memory of my past industry enables me to thoroughly enjoy my present laziness.—Judge.

The Limit.
Impassioned Lover—Tell me, my angel, what to do to prove my love. Oh, that I might, like some knight of old, battle for you, die for you.

Sweet Girl—I wish you would give up smoking.

Impassioned Lover—Oh, come, now, that's asking too much.—N. Y. Weekly.

His Objection.
Gavin—One thing I like about Duncan's grocery. You can order your goods over the phone and after a short wait have them delivered.

Balley—That is just what I don't like.

Gavin—What?

Balley—The short weight. — N. Y. Journal.

Unkind.
He was young but ardent. "I wish I were the glove that presses your lovely hand," he said to the charming maid.

She glanced at him with a bewitching smile. "Aren't you enough of a kid as it is?" she softly asked.—Cleveland Plain Dealer.
